FOREWORD

Indian culture, civilization, art, literature, way of life and its values, spiritual and, religious beliefs, markets, trade, employment and multifaceted traditions of society have long been attracting the whole world in the background of all the above attributes. Hindi language is an important medium to understand the multi-coloured-multilingual- multifaceted India as a country. Hindi has the paramount place in our multilingual country as a link language. Hindi language had served to unite the entire nation into one even before independence. All over the country - from east to west and from north to south, our national heroes have displayed deep respect for Hindi language and this is the reason why Hindi has received official status in the Constitution of India.

Hindi being the Official Language of the union, it is not only the constitutional duty of all to do maximum official work in Hindi but also encourage others to work in Hindi.

The Department of Official Language was established in 1975 for the implementation and propagation of the Official Language. For more than four decades, the Department of Official Language has been successfully imparting training in translation at four levels of Hindi training i.e. Pragya, Prabodh, Praveen and Parangat to all the personnel of the Central Government Offices, subordinate offices, nationalized banks, autonomous bodies etc. through the nationwide network of its subordinate offices – Central Translation Bureau and Central Hindi Training Institute respectively.

The Policy of the Department of Official Language has always been that of inspiration and encouragement. In the year 2016-17, the Department of Official Language has done many significant works under the efficient guidance and inspiring leadership of Hon'ble Home Minister Shri Rajnath Singh and Hon'ble Minister of State for Home Shri Kiran Rijiju which have been included in the Annual Report 2016-17 prepared by the Department. The Department of Official Language believes that the work done by the Department will not only inspire other institutions but also motivate them to move forward with resolute determination in the propagation of Hindi in future.
